“ I have worked with Cathy for about two years at PCG. She will definitely be missed by many. Her jokes with both the staff and kiddos. One of the silly memories is she would always tell our kids to put the worms in their pocket. One day of our kiddos actually tried it.

“ I worked with Cathy some years ago at the Growing Place Child Care Center in Brodheadsville,PA Cathy was my right hand and we worked togethet like a milk and cookies duo. She had a great sense of humor. We helped each other through the death of her son and the death of my husband. Unfortunately we lost touch over the last five years or so but I will always consider her a dear friend and a privledge to have known her. My prayers go out to her family. My memories of Cathy will always bring a smile. Your side kick Anita Damiter.

“ I started working with Cathy last July. In that time she made me laugh often and kept me on my toes daily. She helped me so much with my son Oliver. He grew to love her so much, things won't be the same to teach without her and for Oliver to not see her daily. He will remember the little things, he loved playing little animals with her and telling her about dinos. May she rest in peace, pain free. My days will look alot different without her around.
