“ For many years, Larry was a big part of our lives. He was a straight shooter with words and we loved that about him. He had a heart of gold but a tough exterior. Larry (Lynn) spent a lot of time with Larry C. Larry L. rebuilt a race car motor for Larry and while he raced that car, he gave Larry L. credit by putting his name on the car. He was an all around great guy! Very caring man.

He loved racing I can remember my 1st race I went with his parents and my grandparents sitting with a pray every time he went past us. He once flipped the car over four times we all jumped and when the smoke cleared the car was gone and he was running to jump in another car to finish the race. He loved doing jokes . Larry was my supervisor in the Air Force at Cannon Air Force Base in Clovis, N.M. back in 1981. I just found out about his passing and I'm so sorry to hear. Sounds like he had a great life, especially post-AF. In the obit, I didn't see any mention of his wife Bonnie whom I knew when I was stationed at Clovis. Is she still alive? Thanks for the response if you get this.
