We always did have fun and had a spiritual connection. I was always able to talk to you . I loved your ways and how you always and I mean always loved how you respected people and accepted them for who they are without prejudice or judgment. Always willing to help others and be there for them in times of need and in times of just enjoying one another company. If they were your friend or a friend of a friend they were family to you . Rest in peace my dear friend

“ I miss the times we would message on the computer in the we hours about our spiritiaul experiences. May your spirit soar with the angels and your momma. May the gods n goddesses watch over you. My prayers go out to your family.
