“ Tribute To Mary Clouser

Embracing the memories of our lives spent together as a family. Death is always at our doors. Death doesn't give us a choice when the knock arrives. Fear or ignoring it will not stop it. Our families will diminish as we age, get involved in accidents, or disease. But without death there can be no life. Just as a seed is planted in the depths of the earth, it to will die. New life will then grow towards the heavens above. Quote John 12 Verse 24 (Truly, truly, I say to you, unless a grain of wheat falls into the earth and dies, it remains alone; but if it dies, it bears much fruit.)

We don't generally think as ourselves as seeds. Awe, but we are. God put us here to grow and prosper. Those seeds will be passed on to further generations, our children and grandchildren.

Mary was and always will be my sister-in-law. She dated, married my brother and started their journey together. Soon she would become the mother of two beautiful boys. Gary and Steve. She took her duties of wife and mother seriously. Her intelligence opened the doors of opportunity for her to fulfil these duties. Working from home as Tax Collector for Perry County for many years. Many people grew to know her and remember her mark in life. Her brothers, children, grandchildren, etc. will remember her. Mary you are cherished and will be dearly missed.

The following lines are how I want to remember her. All of you will have your own or maybe a few of these.

I will remember her as the sunshine peeks through the clouds on a cloudy and overcast day.

I will remember her when there is a heavy dew on the grass . All the dew will remind me that many tears have been shed since you have gone.

I will remember her when I hear the birds chirping a sweet melody on summer days.

I will remember her when on cold winter days I feel the warmth of the sunshine on my face.

I love you Mary Clouser and will always remember you.

Amen!!!!
