“ I am so heartbroken to hear of Sara’s passing. I worked with her at family practice. She made it worth going to work each day! We laughed so much until our stomachs hurt. One of the many things I loved about her was when someone was talking, and a word popped up that reminded her of a song, she broke out into singing! We would also greet each other like they greeted norm on the show cheers! Hahaaa Still makes me laugh! She even made me smile the last time she came into the health center. She always had a smile. She will be sorely missed. My friend and buddy.

“ Sara was just fun, we laughed and played pranks. You were still on May 9th at lunch and I will always cherish the photos of us all. I know you are pain free with no more physical limitations in Jesus' care. Peace. Dorna

“ I will dearly miss Sara! As a co-worker, she made the office much brighter with her sense of humor and her musical tunes. I'm so thankful that we were together just a short while ago, never thinking it would be the last time. But, as a believer in Jesus as our Lord and Savior, I know we will meet up again - and knowing now that He is holding her in His arms.

“ Aunt Sara,
We may not have been close in distance, but we were close in heart and as I look back over time I find myself wondering did I remember to thank you enough
for all you have done for me? For all the times you were there to help and support me emotionally. To understand my difficult situations and to lift me up when I felt defeated?
For the simple things like making me laugh when I was falling apart and for the beautiful picture you painted for me.
If ever I forgot to tell you how much I appreciated it, I'm thanking you now and hoping you knew all along, how much you truly meant to me.
Rest easy and pain free in Heaven with all the others that have gone before us and know that I look forward to us all being together again one day.
Love Jennifer (Bowers)
