“ Billy and I became friends in the 6th grade. I was fortunate to have 34 years of advice, laughter and friendship. I have a lifetime of memories to look back on and smile. He will always be my Billy Bob.

When life would throw me an obstacle or a problem and I just needed to talk to someone he would always be there and take the time to listen. it wasn't uncommon for our conversations to last late into the night or early into the morning hours.

He was very proud of his family and talked about them often. We always referred to the weekly conversations as the "update" on his family and what was going on in his life.

A few years ago I lost a childhood friend. The only familiar faces I saw were Billy and his wife. They drove almost two hours to be at the funeral and it made all the difference in the world to me. That's the kind of friend Billy was.

It's going to be hard letting go of a friendship that comes along so rarely in life.

I know I wouldn't be the person I am today without having a friend like Billy Bob.

I'm going to miss you old friend.
