“ Bill was my roommate during his senior year (my junior year) at the Mercersburg Academy (1954-55). He had a fine sense of humor & was a fun guy to room with. Bill was a member of the band & looked forward to college at the University of Alabama. Our paths diverged & I regret that I did not make the effort to visit him later in life. We are diminished.

“ I was sad to hear of Bill's passing. I have many memories of him in our adolescence, before I moved away from New Bloomfield. Bill was a spirited young man, always fun, always ready for adventure.

“ I met Bill through flying model planes the last few years. He'd show up at Stoney Ridge Park with a plane he could fly sitting, big and little soaring gliders. The rest of us were flying control line planes and we all had a good time.

He was especially proud of his business producing surgical knife blades.

He was friendly, happy around people and enjoyed being outside doing a favorite hobby.
